2025 FINANCIAL STATEMENT: PLURINATIONAL STATE OF BOLIVIA

As of March 15, 2026, CNEB's sources of funding come strictly from federation member donations. 2026 will be a year for expansion on sources of funding, membership and establishment of IPs that can in time generate enough impact for sponsorships. CNEB's core work group still lacks a national financial team, hence reporting is currently limited.
* Reported in Bolivianos, Bolivia's local currency. Exchange rate fluctuaded considerably during 2025, hence different exhange rates are showed as documented in https://www.dolarboliviahoy.com/ for reference
